

# GUEST LIST

Usually  $\frac{1}{4}$  of all who are invited will attend. In order to have **ten (10) guests\*** present at your show you need to invite approximately 40 people. Try to think of eight (8) friends, eight (8) neighbors, eight (8) relatives, eight (8) people from your church or clubs, and eight (8) co-workers, or others, to put on your guest list. This will give you a good variety of people in attendance, thus increasing your chances for **three future bookings! \*\***
