

Premier Designs – The Differences Make Us Great!

1. How well do you really KNOW Premier? (It's unique!)

- * **Hostess Plan** - not everyone has one and you must be able to explain how it works.
- * **Marketing Plan** - you must know Premier is different from other companies.
- * **\$395 Authorization & Application Fee** - why is this a good deal?
- * **Leadership Promotions** - how do they work? You can build a great business!

2. Do you realize WHAT you have? (The differences are incredible!)

- * Premier is **“people-driven”** - not product or profit-driven.
- * Premier's Purpose is to enrich every life we touch.
- * You make 50% PROFIT off retail - automatically (it's not earnable or attainable).
- * There's NO Inventory - no incentive to carry inventory .
- * There are NO Freight Days - Premier packages and ships all orders.
- * There are NO Sales Reports or Call ins - frees you up to work your business.
- * Premier tracks, and sends you a printout on ALL of your downline's activities.
- * NO Territories - you can sell and sponsor anywhere you want to work.
- * There are NO Managers or Directors - pushing you.
- * There are NO Break-a-ways/Promote-outs - no one will break out from under you.
So it pays to work with your people to help them reach their full potential!
- * You get paid 10% off the FIRST person you sponsor.
- * You will be paid 10% - 3 generations deep.
- * Every show day is payday - you are paid upfront.
- * People are out making money for themselves by selling product, rather than spending money on inventory for themselves.

These qualities are VERY unique to Premier!

3. Premier is an “All INCLUSIVE”, vs an “A la carte” Business!

(A la carte will nickel and dime your profit away.)

What do you get for \$395 (\$32.92/mo) and \$350 (\$29.17/mo)?

- * An effective and practical training manual.
- * Pre-paid shipping for personal samples, and non-commissionable items.
- * No Sales Reports/Call-ins - you do not have the time for this.
- * No Managers/Directors - we are free to help our downlines, not pressure them.
- * Track your organization and pay them - what an incredible time and money savings!
- * File State Sales Tax - what a tremendous relief and savings.
- * 800 numbers to Customer Service & Accounting.

“All Inclusive” is always a better bargain!

4. What SHOULD you do now?

- * Do the comparison yourself - you will be convinced as well!
- * Learn to explain HOW Premier is different and WHY!
